Opening hours flystream see above)

Welcome to Arrild Fiskesø

Arrild Fiskesø is a private facility for anglers and fly fishermen. Of course, also anglers and those who want to be, welcome.

2 lakes with a total area of 17,000 m² and 560 m Fliegenau - only for fly fishermen. The lakes are about 5-6 m deep (in the middle).

There are rainbow, gold, brown trout and brook trout between 1 - 11 kg occupied. The stock is secured by daily stocking.

Char and brown trout depending on the season (spring and autumn).

Around the lakes there are tables, benches and 2 small fishermen's huts. In the fishing business is a place for gutting the fish and a (handicapped) toilet.

No catch limit / no ice fishing!

The complex is located in the middle of Arrild Ferieby with 450 cottages.

We have:

A well sorted fishing shop with kiosk (here you can also get the fishing permits for the complex), information, rental of holiday homes and a covered terrace.

Sale of daily and weekly tickets for the Brede Au - only with a valid Danish fishing license.
