Four lovely lakes and a river

Put on your old sweater and go on an angling outing in the lovely river valley of Karup Ådal. Here lies Tusaagaard Put and Take, with four lakes covering a total of 16,000 m² and a 900 metre-long river, Tusaa. We frequently put out rainbow, river and brook trout from 1-11 kg – and you may well fulfil your dream of catching a huge fish, especially in Storfangersø and Tusaa. You may also be lucky enough to catch tench, carp and eel.

Villa Ruth

If you feel like an angling or nature holiday, you can rent the holiday home Villa Ruth, which has a view out across fields and meadows down by Karup Å – and lies Tusaagaard Put and Take. Villa Ruth is 100 m², fully restored in 2006 and large enough for 6-8 people.

Primitive tent site

If you like to spend your night in the open air, you are most welcome to put up your tent down by the lakes. You can make use of the following facilities: toilet, running water, electri-city for a charge, tables and benches, bonfire site.
