Bækhus fisk & ferie is a very beautiful location in southwestern Jutland, north of Varde, a few kilometres from Henne Strand. There are two lovely lakes covering an area of approx. 13,000 m² and stocked with various types of fish weighing 1-10 kg. There are a number of fine angling spots at the lakes where there are rodholders as well as tables and benches, and sheltering hedgerows and small cabins where you can eat one's packed lunch and sit and enjoy the view of the lakes while fishing. If the weather is bad, or you would simply like to relax, there is also a coffee lounge you can make use of, where there are also good toilet facilities. In addition there is a play area that has a bouncy cushion and slide, a fish-cleaning area with a freezer if you are fortunate enough to catch many fish, and a small shop that sells tackle and rents fishing rods. You can also buy ice cream, sweets and cold drinks. The opening hours can be seen on the door, and you can phone for personal service if desired. On the large terrace there is a grill you may use, and down by the lakes small grills have also been set up which may be used free of charge. There are 10 rooms that can be rented as well as an apartment for 4+2 persons with space for an autocamper, caravan or tent. There are good parking facilities, also for coaches. Dogs are always welcome, but must be kept on a lead.
